

## *A Dog's Business*

*That is the business of being a dog  
to bark, to get dirty feet  
to give sloppy kisses.*

*To always be there  
at your feet, in your bed  
by your side.*

*In the car, in the park  
in your heart.*

*That is the business  
of being a dog  
a companion a friend  
one who thinks that you and you  
alone are  
the centre of their universe.*
